West Bloomfield Middle School  
6000 Orchard Lake Road  
West Bloomfield, MI  
Between Maple and Walnut Road  
Band room location and parking at WBMS

There are 19 parking spots outside door #16, the exterior entrance to the band room. Two are handicapped parking spots. There is not enough room to park along the side of the drive on the north side of the building. Anyone not parking outside door #16 will need to park in the large lot in front of the school. There are only two drives to enter that lot, and both are close to Orchard Lake Road. You cannot enter the large parking lot from the drives close to the school. You can see these entrances to the parking lot on the map. Door #16 can only be opened and blocked open from inside the band room. If you don't have a large or heavy instrument or need the handicapped parking spot, please consider parking in the large lot in front of the school.

Door #18 is the entrance to the Performing Arts wing of the school. It faces Orchard Lake Road at the north end of the building, clearly marked. When you enter through door #18, just come into the building. You will see the band room to your right, just beyond the orchestra room.

Every night, at the end of rehearsal at WBMS will involve this re-set up: All music stands will go back on the racks. The chairs will be left in a half circle three or four rows deep. The count of the chairs does not have to be precise, but we should put back the chairs we have taken off the stack. I will try to remember how many I have taken off the stack to let you know if your chair needs to be put back. Timpani will need to be covered, and the small percussion instruments put back in the cabinet.

We are fortunate to be able to use WB Middle School and will follow the school rules – no food in band room and no latex anything – balloons or gloves. The children have allergies to these items.

The music stands are only three years old and there are more than enough of them for OLP. Now we only need to bring our music stands when we are at a church.
